WEATHER OF CONCERN

Weather of Concern

- Red Flag Warnings are in effect until Tuesday evening for the East Bay Hills, including all locations above 1,000 feet for the East Bay and Diablo Range of Santa Clara County and Mount Hamilton.
 - Gusty winds and poor relative humidity (RH) will cause any new fires to spread rapidly.
- Red Flag Warnings are in effect to Tuesday afternoon for portions of Siskiyou and Del Norte Counties.
 - Gusty east winds with poor overnight RH recovery.
 - Any new or existing uncontained fires could grow rapidly.
- Red Flag Warnings in effect until Tuesday evening for portions of Sierra Crest, Northern Sierra Foothills, and Northern Sierra.
 - Strong gusty winds approx. 25 to 30 mph mixed with low to poor RH.

Active Weather Warnings, Watches and Advisories by County:

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER SYNOPSIS BY REGION

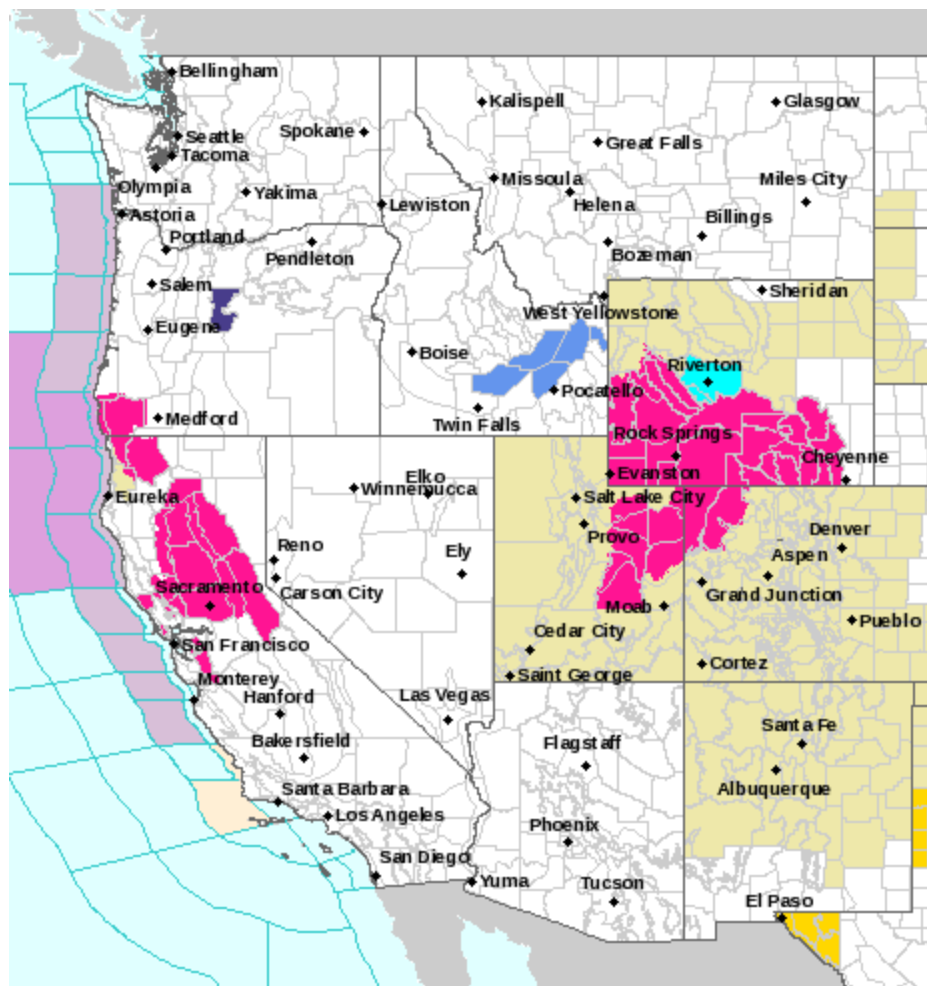

NORTHERN CALIFORNIA

- **High Risk for gusty wind and low relative humidity (RH) through Tuesday morning Sacramento Valley-Foothills and NW Mtns**
- **Very dry and warm airmass most areas through at least midweek**
- Significant ridging Monday thru Thursday, then possible Pacific low passage late week into the following weekend.
- Low confidence in the type of ridge break down late week into the following weekend.
- Offshore flow lasting through around midweek in areas. Peak gusts 20-30 mph, locally 35-40 mph favoring the Sacramento Valley, higher ridges found within the NW mtns and the lower west Slopes of the Cascade and Sierra ranges during the overnights.
- Significant dry airmass lasts through Thursday, includes single digits and teens daytime and poor to very poor RH recoveries at night.
- Temperatures trending above to well above normal through Friday then potentially turning cooler next weekend.
- No precipitation likely this week although some potential next weekend, too early to say right now.

SOUTHERN CALIFORNIA

- A weak Pacific trough will move over the West Coast through Monday. A ridge of high pressure will build into the West Coast from the Pacific Ocean Tuesday through Thursday. A stronger Pacific trough will approach the West Coast Friday and move inland next weekend.
- Temperatures will cool to near normal through Monday, with upper 60s and 70s across the mountains and 80s to low 90s in the valleys.
- Minimum humidity will be mainly between 12% and 25% away from the coastal areas through Monday.
- Warming will occur Tuesday through Thursday, with temperatures 5 to 10 degrees above normal Wednesday and Thursday.
- Minimum humidity will drop into the single digits and teens away from the coastal areas Tuesday through Thursday.
- Temperatures will cool significantly and there will be a substantial increase in humidity Friday through next weekend.
- There will be gusty south to west winds across the mountains and deserts Friday through next weekend.
- The marine layer will deepen Friday through next weekend, with morning low clouds and fog making it over the lower coastal mountain slopes by Saturday morning.
